EROAD**Senior UX Designer**

Auckland, New Zealand | Sep 2019 - present

Designed user interfaces and digital experiences of electronic fleet management software to reduce costs, improve efficiency, and increase safety. Applied design thinking to better understand and solve user needs. Defined functional characteristics, wrote acceptance criteria, facilitated developer estimates, and oversaw the successful delivery of desktop and mobile applications. Made lifelong friends and learned how to pour the perfect espresso.

Accordo**UX Design Manager**

Auckland, New Zealand | Jun 2017 - 2019

Provided leadership, direction, and mentorship for a team of UX/UI designers; lead creative and holistic thinking across diverse product releases and devices. Delivered a UX vision, along with a plan for evolutionary, iterative updates, that actualized the larger vision over time. Leveraged data analytics of usage patterns to inform human centered designs.

Amadeus Consulting**Senior UX Designer**

Boulder, CO | Jun 2016 - Dec 2016

Designed and improved the usability and user experience of complex software systems that anticipated and influenced human behavior. Defined the visual framework, interactions and functionality of enterprise level web applications. Created data visualizations, interactive Axure wireframes and fully documented prototypes. Collaborated with developers to ensure design specifications were met. Maintained a clear understanding of business strategy, best UX practices, and modern web design principles.

HomeAdvisor**Senior UX Designer**

Golden, CO | Mar 2015 - Jun 2016

Formulated and annotated the organizational structure and page-to-page flows of the user experience for HomeAdvisor software applications. Drove major UX projects from concept to implementation. Conducted user research and usability testing. Used web analytics and A/B testing to understand customer behavior and to guide creative solutions. Stayed abreast of best UX design patterns and practices. Communicated designs through fully documented wireframes and prototypes.

SportsLabs

UX Designer

Boulder, CO | Feb 2012 - Aug 2014

Designed highly engaging user interfaces for college sports media apps across multiple platforms including: iOS, Android, websites and mobile web. Prepared style guides, assets and documentation for developers. Established and documented the functionality and interaction of Sportslabs digital-video software products.

IHS Markit

Web Designer

Boulder, CO | Aug 2007 - Jun 2011

Designed the delivery and presentation of financial data, transforming complex information into elegant user experiences. Created iPhone applications, trading interfaces, financial calculators, data visualization & websites for Wall Street investment banks and brokerages: Etrade, Merrill Lynch, Scottrade, CNBC, National Australia Bank & FinecoBank.
