Accordo

UX Design Manager

Auckland, New Zealand | Jun 2017 - present

Provide leadership, direction, and mentorship for a team of UX/UI designers; lead creative and holistic thinking across diverse product releases and devices. Deliver a UX vision, along with a plan for evolutionary, iterative updates, that actualize the larger vision over time. Leverage key customer insights to develop customer driven, human centered design.

Amadeus Consulting

Senior UX Designer

Boulder, CO | Jun 2016 - Dec 2016

Designed and improved the usability and user experience of complex software systems that anticipate and influence human behavior. Defined the visual framework, interactions and functionality of enterprise level web applications. Created data visualizations, interactive Axure wireframes and fully documented prototypes. Collaborated with developers to see design specifications through. Maintained a clear understanding of business strategy, best UX practices, and modern web design principles.

HomeAdvisor

Senior UX Designer

Golden, CO | Mar 2015 - Jun 2016

Formulated and annotated the organizational structure and page-to-page flows of the user experience for HomeAdvisor software applications. Drove major UX projects from concept to implementation. Conducted user research and usability testing. Used web analytics and A/B testing to understand customer behavior and to guide creative solutions. Stayed abreast of best UX design patterns and practices. Communicated designs through fully documented wireframes and prototypes.

SportsLabs

UX Designer

Boulder, CO | Feb 2012 - Aug 2014

Designed highly engaging user interfaces for college sports media apps across multiple platforms including: iOS, Android, websites and mobile web. Prepared style guides, assets and documentation for developers. Established and documented the functionality and interaction of SportsLabs digital-video software products.

IHS Markit

Web Designer

Boulder, CO | Aug 2007 - Jun 2011

Designed the delivery and presentation of financial data, transforming complex information into elegant user experiences. Created iPhone applications, trading interfaces, financial calculators, data visualization & websites for Wall Street investment banks and brokerages: Etrade, Merrill Lynch, Scottrade, CNBC, National Australia Bank & FinecoBank.

Education

University of Illinois

Urbana-Champaign, Illinois
